ORDER

1. This is a synthetic case record prepared for the Land Litigation Intelligence and Survey Number-Based Decision Support System. The matter is shown as having been instituted before the Additional District Munsif Court, Harur in respect of land situated at Kudumiyampatti Village, Harur Taluk, Dharmapuri District. The record is generated for research, testing and demonstration of the case-retrieval module and does not represent an actual court proceeding.

2. The petitioner, வெங் கடராமன், is shown in the underlying Kudumiyampatti land-record source against Survey No. 90, Sub-Division 5A2. The respondent, ஆனந்தன், is another party linked to the source land-record set used for this synthetic case. The land particulars have therefore been connected to the original village record rather than to an unrelated fictional parcel.

3. The dispute is classified for this dataset as Partition. The petition is described as relating to the parties' respective claim, possession, enjoyment, inheritance, boundary or other interest in the above survey land, according to the synthetic case scenario. No statement in this paragraph should be treated as evidence of an actual dispute between the named persons.

4. The matter bears the synthetic reference SYN-TN-DHA-KUD-0099 and was assigned a filing date of 19.01.2024. The present status in the dataset is Pending. The record reflects 9 hearing entries and 1 adjournment entries for demonstration of litigation-history retrieval.

5. On the materials represented in this synthetic record, the Court is shown as considering the survey particulars, the competing assertions of the parties and the procedural history associated with the matter. The underlying land identity is Survey No. 90, Sub-Division 5A2, Kudumiyampatti Village, Harur Taluk, Dharmapuri District.

6. The dataset further records an appeal indicator as No. The synthetic proceeding is presently shown without a disposal date.

7. For avoidance of doubt, this document is a synthetic training/test document. The case number, CNR-like identifier, procedural history, dispute narrative, hearing history and outcome information have been generated for the project. They must not be cited as an official judgment, order, case status, court record or legal evidence.
